

Smarter Water Control™

FloLogic Benefits Overview for Cincinnati Clients

Plumbing supply leaks are the leading cause of damage to Cincinnati Clients’ homes. FloLogic is a premium smart leak control device that detects and automatically stops virtually all plumbing supply leaks.

How FloLogic Works

- Installed on the incoming water supply to monitor all water flow
- Intelligently protects the entire home, detecting and automatically stopping leaks, no matter their location
- Provides alerts and enables app-based control of a home’s water

FloLogic System and App

Advantages of Installing FloLogic

- **Comprehensive:** Real time detection of virtually all leaks—beginning at ½-ounce per-minute
- **Versatile:** Works for all types of homes: multiple valves sizes, waterproof for outdoor installations, interfaces with irrigation, water treatment and security systems
- **Vigilant:** Automatically shuts off water when leaks or critically low temps are detected
- **Connected:** App-based control enables constant oversight of a property from anywhere
- **Premium:** USA-made, cast bronze construction with battery backup during power outages
- **Proven:** The leader in smart leak control since 2000, best-in-class 5-year warranty
